

I am writing in support of K-LOVE radio station. I listen to it at home and in my car, any time I possible can. It is a very positive input into my life which I appreciate very much. I know many people in my community to have come to depend on it's positive influences. Please don't let it be displaced by the LPFM services. We need radio stations like K-LOVE to bring messages of hope to people that don't have a lot of positive influences in their lives. It's important to keep it on the air as a wholesome, family broadcast that families can listen to without the fear of their children hearing something vile or profane. Thank you.
